Dear General Walters

I am an amputee talented in the art of fancy pen-lettering and I collect authentic autographed photographs of world dignitaries which helps me considerably to overcome my disability.

It would be very gratifying to know that you have accepted as a token of my esteem the enclosed card which I have taken the pleasure to hand-letter for you and I would be extremely happy to receive your photograph personally signed by you.

Thank you very much and
Very respectfully yours
Leo J. Sylvor
